

AI-Ready Business Setup

Build the foundation your business needs before AI can do its job.

Many small businesses want AI and automation — but don't yet have the systems in place to support it.

Our AI-Ready Business Setup helps you create the essential digital foundation your business needs to look professional, capture leads, book appointments, and prepare for future automation.

Pricing & Setup Options

Choose the setup level that fits your business now — and add AI tools when you're ready to automate.

Starter Setup — \$550
